Learning Compact

*Learning compacts are a way for school districts to involve **parents*** in their child's education. The compacts are voluntary agreements that create a partnership between parents and the school to help our students achieve success. When parents are involved in their child's education, children do better.*

The success of this compact depends on everyone in the student's life believing in it and honoring it.

*** throughout this document the term parent refers to parent or guardian.**
